Date of birth	Not shown on this copy
Plan start date	1 July 2026
Plan end date (reassessment date)	30 June 2027
Plan management	Self-managed
Local Area Coordinator	Central Coast LAC partner
Plan approved	19 June 2026

About me

I live in my own one-bedroom unit on the Central Coast. I have generalised anxiety disorder, recurrent depression and a mild intellectual disability. My sister Anjali lives ten minutes away and helps me most weekends. I like the library, the community garden and swimming in summer.

My goals

- To keep living in my own place and manage my own routine, with support to plan the day and cook.
- To get back to two regular days a week out of the house - the library, the garden, the pool.
- To be on the library's volunteer roster by Christmas.

Funded supports

Core Supports - flexible across the categories below. Self-managed: I pay my providers and claim through the myplace portal.

Category	Annual amount	What it is for
Assistance with daily life	\$18,720.00	Support at home on weekday mornings: planning the day, shopping list, cooking and freezing meals (approx. 3 hours x 2 days a week).
Assistance with social and community participation	\$14,040.00	Support to get out twice a week: library, community garden, aquatic centre (approx. 3 hours x 2 days a week).
Transport	\$1,606.00	Travel to community activities with a support worker.
Consumables	\$500.00	Low-cost items that help with daily living.
Total Core Supports	\$34,866.00	

Capacity Building - Improved daily living: \$2,400.00 for psychology sessions (fortnightly) to support my mental health goals.

Informal and community supports

My sister Anjali (unpaid) helps with appointments and visits most weekends. My GP and a psychologist I see fortnightly manage my health. The neighbour upstairs holds a spare key.

Using my plan

I manage this plan myself. My providers send me invoices and I claim them through the portal. I can change providers at any time. My plan will be reassessed before 30 June 2027; I will be contacted about the

reassessment in the months beforehand.
